

Fly uphill.

The TQ HPR® 120S

Complete drive systems from TQ include the pioneering TQ HPR® 120S with patented Harmonic Pin Ring transmission, battery, sensors, displays, wiring harness and professional design-in.

Rated power:	250 bis 920 W
Torque:	120 Nm
Start-up aid:	Up to 20 km/h
Pushing aid:	Up to 6 km/h
Voltage:	48 V
Communication:	CAN bus
Efficiency:	>80%
Freewheel:	Yes
Protection rating:	IP 65
Weight, drive system:	3,9 kg
Installation space:	Ø 144 mm, shaft length 146 mm, rotationally symmetric
